

**PRIMARY ROUTE APPLICATION
 ECOLOGICAL CONSERVATION MANAGEMENT PLAN
 ADDENDUM**

COUPRO-CLAFAR-2579-ECMPS

November 2009

Issue	Date of Issue	Written By	Reviewed + Approved By
One	20 March 2009	KH	HM
Addendum	17 November 2009	LP	KH

REPORT ADDENDUM

1. This addendum contains amendments to the Primary Route Statement, which forms a supplementary document to the Site Wide Conservation Management Plan (Report reference: COUPRO-CLAFAR-1839-ECMP) following further consultation with Cambridge City Council and the design team. The page and line number within the original report for each amendment and the amended text is provided below.
2. Where reference is made to accompanying Figure 1, the revised drawing number 1818/PR/002E should instead be referred to in relation to the detailed design of the Bird Mitigation Area.

Page 1

3. *Line 1:* This Primary Route - Ecological Conservation Management Plan Statement (ECMPS) has been prepared by ecosulis ltd on behalf of Countryside Properties and will be applied to the Clay Farm site, Cambridge.
4. *Line 3:* The Plan addresses Condition 44 (the wording of the condition has not changed from that within the original report).
5. *Line 14:* This ECMPS accompanies a full planning application for Phase 1 of the development, the construction of the Spine Road or 'primary route'.
6. *Line 18:* (reference COUPRO-CLAFAR-1839-ECMP and Addendum document COUPRO-CLAFAR-2579-ECMP)
